(do not use 1,2,3,4 or the last four digits of your
phone number).

**IT IS URGENT THAT YOU RETURN THIS FORM IMMEDIATELY FOR PROPER
GATE ACCESS! YOUR INFORMATION WILL BE PROGRAMMED WITHIN 72
HOURS.**

To provide for easy access to the community for those authorized guests and vendors, the gate system has been set up to allow owners to choose a four digit pin number. This number can be given to individuals who do not have a gate remote, but will require access to the community on a regular basis. This may include landscape-maintenance companies, house cleaning services, pool-cleaning companies and close friends and family.

All homeowner understand they are responsible for their guests and their actions. The gate system is designed to be a deterrent to unauthorized persons, but is in no way a guarantee of personal safety. The system is only intended to control vehicular traffic.
